### PORTRAIT Lighting for Beginners: Transform Your Portraits ...

Lighting & Design is a follow-up of sorts to Direction & Quality of Light . It’s a slightly eclectic mix, discussing the thought-process with various scenarios shooting portraits. The examples use available light, bounce flash, off-camera flash as well as studio lighting. The idea is that in every one of the 60 sections, there is something to be learnt and applied, regardless of your level as a photographer or where you shoot – all shaped to form a cohesive narrative arc throughout the book.

### Laws of Light: 5 Portrait Lighting Setups - YouTube

Renowned sports photographer Matt Hernandez has had years of experience capturing professional and high school team portraits. Through years of shooting in a variety of locations, he has perfected the group lighting setup. To perfect the light coming from his key strobe, Matt prefers to use a reflective 7’ parabolic umbrella. By bouncing his strobe into this modifier, Matt can create a beautiful light source that evenly illuminates every member of the team.
