Understanding NFPA, NEC 2005 Article 409

Overview. The introduction of the new Article 409 for Industrial Control Panels in the 2005 Edition of the National Electrical Code (NEC) drew increased attention to installations of industrial control panels. Industrial control panels (ICPs) with the UL Mark are installable to the NEC and have a distinct competitive edge in the marketplace. UL offers training in constructing industrial control panels in accordance with UL 508A.

UL 508a Training on Industrial Control Panels | UL

UL 508 covers control devices up to 1,500V and UL 508A covers Industrial Control Panels up to 600V. They are closely related; however, to comply with NEC Art. 409, the equipment can comply with UL 508A, Supplement SB, not UL508, even though
