Being Logical: A Guide to Good Thinking by D.Q. McInerny ...

Being Logical is a practical book that aims to help readers think and reason well. It is divided into five parts. Part One (Preparing the Mind for Logic) talks about the preparations we need to make in order to think and reason well. These preparations refer to attitudes and ways of thinking that we need to adopt and the concepts that we need to remember in order to ready our minds for good ...

Being Logical: A Guide to Good Thinking by Dennis Q. McInerny

Being Logical seeks to produce practitioners, not theoreticians—people for whom knowing the principles of logic is in the service of being logical. Preface xi In the hope of better serving the practical ends of the book, I have adopted a somewhat informal style, often addressing the reader directly, and, in the manner of a tutor or coach, sometimes assuming a distinctively directive tone.
