As such, paraphrasing is a skill which improves with practice, but there are things you can do to help develop this skill. When writing notes, try and put things in your own words, rather than copying text directly. Or, summarise the points after you have finished reading, rather than highlighting / writing as you go along.

LanguageTool - Grammar and Style Checker

Writing Files to New Files. Now that we've covered reading from files in Go, it's time to look at creating and writing to our own files! In order to write content to files using Go, we'll again have to leverage the io/ioutil module. We'll first have to construct a byte array that represents the content we wish to store within our files.
