Emergency Triage Assessment And Treatment

Emergency treatment can be given wherever there is room for a bed or trolley for the sick child, enough space for the staff to work, and where appropriate drugs and supplies are accessible. If a child with emergency signs is identified in the queue, he or she must quickly be taken to a place where treatment can be provided immediately.

Triage and emergency assessment - Manual for the Health ...

The Emergency Nurses Association (ENA) position statement calls for periodic assessment and continued education for triage nurse professionals. Per this statement, triage must be performed by a registered nurse with at least one year of experience in emergency nursing.
