Feminist Perspectives on Equity and Trusts - Google Books

The feminist perspective of gender stratification more recently takes into account intersectionality, a feminist sociological theory first highlighted by feminist-sociologist Kimberlé Crenshaw. Intersectionality suggests that various biological, social and cultural categories, including gender, race, class and ethnicity, interact and ...

The Feminist Perspective | Introduction to Sociology

While most feminist theorists throughout history have been women, people of all genders can be found working in the discipline today. By shifting the focus of social theory away from the perspectives and experiences of men, feminist theorists have created social theories that are more inclusive and creative than those that assume the social actor to always be a man.

Feminist perspectives on equity and trusts (Book, 2000 ...

Many feminists embrace (and defend) the orienting ideals and tradition-specific conventions associated with the fields in which they work. Some focus chiefly on equity issues, often insisting that gender bias in the institutions of science does not bear on issues of content or method (see the section Feminist Equity Critiques). Others make a case for redefining research priorities without challenging existing research traditions; they aim to extend well established modes of inquiry to ...

Feminist Perspectives on Science (Stanford Encyclopedia of ...

If feminism is defined as the work to ensure gender equality, what social theory works to ensure gender equity? Equality comes with connotations of sameness, of homogeneity; equity is about accepting differences, acknowledging that different people need different things to be successful, and recognising that we all start from somewhere different.

What can we learn from these perspectives, thoughts, feelings, and concerns about the pandemic that can help as we navigate through this and after it? Panelists for "Black Feminist Perspectives on COVID-19" included Nana Afua Yeboaa Brantuo, Stephanie Kimou, and Vilissa Thompson. Below is the reading list from the event.

Black Feminist Perspectives on COVID-19: A Reading List ...

Equity feminism is a form of liberal feminism that advocates the state's equal treatment of women and men, without challenging inequalities perpetuated by employers, educational and religious institutions, and other elements of society. The concept has been discussed since the 1980s. Equity feminism has been defined and classified as a kind of classically liberal or libertarian feminism, in ...

Equity feminism - Wikipedia

Neurosexism, Neurofeminism and Feminist Neurosciences: A 'Herstorical' Narrative. By the middle of the 1980s-and starting with Fausto-Sterling (1992) book on Myth of Gender at the latest-feminist science studies have critically examined the knowledge production in the neurosciences and its impacts in gendered significations, gender roles and social gender relations. 1 Scholars of the ...
