Since manual transmissions don't have a torque converter constantly producing large amounts of heat, a reasonably sized cooler will be sufficient, it doesn't need to be massive. We offer a 10amp rated Setrab 180 degree thermostat switch that can handle running the oil pump directly without a relay.

Types of coolers: When you think of coolers, chest coolers may come to mind first. Like a trunk, they typically open from the top and have hinged lids, and you can fill the inside with food and drinks. They're easy to access, and they come in a variety of sizes, colors, styles and prices. Wheeled coolers typically resemble chest coolers placed ...
