One of the simplest tools today, the screwdriver, is widely considered to be one of the most important innovations in tool history. Although today we have more modern and powerful cordless drills to make our work even easier, the usefulness and importance of the screwdriver is still unmatched. Decades ago these types of screwdrivers were a staple in every handyman's toolkit and that ...

More than a year-and-a-half into the COVID-19 pandemic, burnout seems to be on everyone's lips. Many of us didn't realise what had hit us when we scrambled to adjust to the sudden upheaval of the workplace, switching to remote work with little or no preparation, or deemed an essential worker and asked to continue business-as-usual in highly unusual circumstances.
