Rand. It advances the notion that all rightwing ideologies, from the eighteenth century through today, are historical improvisations on a theme: the felt experience of having power, seeing it threatened, and trying to win it back.

The Reactionary Mind: Conservatism from Edmund Burke to ...

The Reactionary Mind: Conservatism from Edmund Burke to Sarah Palin is a 2011 book written by political theorist Corey Robin. It argues that conservatism from the 17th century to today is based on the principle "that some are fit, and thus ought, to rule others". Robin argues that rather than being about liberty, limited government, resistance to change, or public virtue, conservatism is a "mode of counterrevolutionary practice" to preserve hierarchy and power.

This is a significant gap, though Robin's earlier book on fear goes some way towards filling it. But *The Reactionary Mind* seems to lean heavily on an implicit sense that the lower classes are suffering from some form of false consciousness when they support conservative figures. If this is true, the book would have been stronger for explaining the appeal, perhaps by connecting it to Robin's arguments that fear can be a powerful political emotion, which can push individuals toward ...
